

Economic Development Proviso Launch Meeting

August 27, 2013

Elements of Success for the Proviso's Work	
•	Alignment
•	Plan consistent
•	Educate on existing
•	Keep goal in mind
•	Coalesce instead of compete
•	Don't reinvent the wheel
•	Solve problems and "Rah Rah" what's right
•	Recommendations to make a difference
•	Find the trigger – and pull it!
•	Guide how to accomplish the goal
•	Relevant, meaningful, supportable
•	Alignment to help Commerce do its work
•	Sustainable plan that succeeds administrations
•	Implemented, sustained initiatives
•	Regulatory reforms to reduce burdens and increase efficiency
•	Durable approach to economic development that withstands test of time
•	Produce a result that different constituents agree is good
•	Consensus strategies for long term with private sector engagement and measured outcome
•	Durable plan that works on-the-ground. Positive and proactive
•	A plan for economic recovery, create jobs
•	Leverage past work and adjust
•	Actionable, simple, policies that "pull"
•	Coherent & Executable strategy
•	Enhancing state business climate, e.g. regulations, taxes
•	Metrics to gauge success
•	Agreeable, sustainable, locally-rooted
•	Open, vibrant conversation!
